DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael Britton on 11/16/2010.

Please amend claims submitted on 4/23/2010:

Claim 15, cancel

Add new:

Claim 16: (new) A method of forming a solar cell comprising:

forming a semiconductor layer on a semiconductor substrate having a p-n junction in parallel with a substrate surface;

forming a front silver electrode in a predetermined shape on a surface of the semiconductor layer;

forming a back aluminum electrode with the printing mask according to claim 12 on a back surface of the semiconductor layer so that a part of the semiconductor layer is exposed; and

forming a back silver electrode to cover an exposed part that is not covered by the back aluminum electrode on the semiconductor layer and a part of the back aluminum electrode arranged adjacent to the exposed part, and

Art Unit: 1728

wherein a film forming the back aluminum electrode has a difference in average film thickness between a bulge at an edge part of the back aluminum electrode and other parts of the back aluminum electrode equal to or less than 5 micrometers.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The relative size of the solar cell electrode formed by the apparatus of the recited limitations is on a scale such that the apparatus of the claim required specific structural features, i.e. limitation of the first emulsion layer, not taught nor suggested by the prior art and without motivation to combine.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
